Arrival of RAV
in Babylonia

spring 219

the imperial entourage set off for
home from Nicodemia. This included
the famous black stone, cult symbol
of god Elagabalus, brought from
the temple at EME'SA in Syria

Summer 219

The imperial Cortège arrived at Rome. The black stone was installed on the Palatine Hill, where a great new temple was built to hold it, the so-called ELA(B)ABALLINA. Every day at dawn Elagabalius sacrificed large number of cattle and sheep at the altars of this temple. The senators & equestrians stood around

in attendance
